Career Objective

I am a versatile **Software Developer** focused on building scalable, clean-coded applications with React. I enjoy solving complex technical challenges and collaborating with cross-functional teams to optimize performance. Experienced in building secure, role-based systems and integrating real-time features and payment gateways into production-ready applications.

Skills

Frontend : HTML, CSS, JavaScript, Tailwind CSS, React, React Router, TanStack Query

Backend : Express.js, MongoDB, Firebase, JWT Authentication, Stripe

Tools & Others : VS Code, Git, GitHub, Cloudinary, Vercel

Projects

01. Estaura - Real Estate Platform

[Live Link](#) | [Client side](#) | [Server side](#)

A full-stack real estate platform for property management, communication and role-based workflows.

Key Features:

- Engineered a scalable **RBAC** system with specialized dashboards for secure, streamlined workflows.
- Developed **real-time messaging and notifications**, debugging synchronization issues to ensure reliable delivery across sessions.
- Built property listing and offer management with clean, maintainable business logic.
- Integrated JWT, **Stripe** and TanStack Query for a secure, scalable, high-performance application.

Tech Stack: React, Tailwind CSS, TanStack Query, Node.js, Express.js, MongoDB, Firebase, Stripe.

02. Caffetino - Coffee Store Platform

[Live Link](#) | [Client side](#) | [Server side](#)

A full-stack platform for seamless product browsing, secure ordering, and online payments.

Key Features:

- Built a secure coffee **ordering system** with Firebase Authentication and JWT authorization.
- Engineered a dynamic cart and order system with automated processing and inventory synchronization.
- Integrated **Stripe Payment Intents with refund handling** for secure checkout and order cancellation.
- Optimized **MongoDB CRUD operations** for products, carts, orders, and payments, reducing redundant queries and improving response time.

Tech Stack: React, Tailwind CSS, DaisyUI, Node.js, Express.js, MongoDB, Firebase, JWT, Stripe.

Education

Higher Secondary School Certificate (HSC)

Government College of Commerce

Passing year: 2025

Language

Bangla - Native

English - Upper Intermediate

Hindi - Conversational
